USA Hockey Goaltending Gold Certification
Class of 2026

About Me

Coaching Background

- Live in Dover, Delaware
- Cloud Engineer for the State of Delaware
- Coaching Hockey since 2020 (son's team needed a coach!). Club Goalie Director for 2 seasons
- Took Bronze, then Silver Goaltending Courses to fill club gap - no goalie coaches!
- Club Achievements
 - First Club in our League to use Intermediate Mite Nets (plus pegs and crease markers for cross-ice!)
 - Early adopter of quick change pads, every mite player played goalie, every mite goalie skates out
 - All squirt goalies skated out when not in net
 - Ran weekly clinics for all club goalies (1 hour a week, all season)
 - 4x League All-Stars in 3 years after starting program

Introduction to Goalie Gen

THE VISION

How Can We Help More Goalies in More Places?

- USA Hockey wants every coach to be a goalie coach
- Bronze/Silver/Gold program does a great job training and building coaches
- Hard to scale to reach every club, team, and goalie
- How can we take information and lessons learned from those courses and make that available to every club, coach, team, and goalie, anywhere
- Goalie Gen! (www.goaliegen.com)
- Resources and Tools at all 3 levels - Club, Team/Coach, and Goalie/Family
- Use content created by coaches in previous years as well as gold content from this year's cohort!
- Try some new technologies to create, deliver and maintain coaching content

Origins - Goalie Development Challenges

For Organizations

- How to recruit goalies?
- How to develop goalies?
- How to retain goalies?
- Competition for players is fierce!
- Without goalies, can't have teams
- Without strong goaltending, can't have competitive teams

For Coaches

- I know hockey, but I don't know goaltending
- Where do I start?
- How do I develop and support a goalie?
- How do I integrate goalies team development?
- I need something to work on with a goalie during practice RIGHT NOW!

For Goalies

- How can I take responsibility for my own development?
- How can I support my goalie child/player?

Goals - How Can We Help? (Features)

For Organizations

- Help Clubs Create Goaltending Development Plans
- Define Club Goalie Culture and coordinate development across teams
- Share organization benefits to prospective goalies
- Use it to recruit, support, and retain goalies

For Coaches

- Help coaches create Team Goaltending Development Plans
- Host goalie drills for easy sharing and review, including Team Drills
 - Opportunity to work with Katie and James!
- "Panic Button" to get a drill quickly when a coach sends you a goalie during practice

For Goalies

- Goaltending is exciting, but can be very isolating
- Many goalie coaches (and coaches of all types) use journals to track emotions, struggles, goals, and progress over time
- How can we help goalies have access to journals if they don't have a coach who already has one available?

Website Design and Constraints

For Developers and Contributors

- **Match USA Hockey colors and branding:** give USA Hockey some ideas to think about for future website and content platforms
- **Data models for content:** minimize re-work to change drills or content, re-format drills without a publishing pipeline.
- **Automation:** Use automation (and AI) for new drill integration, test site creation, and site publishing
- **Minimize Technical Needs:** only needs static web hosting. Minimize moving parts, security footprint, and ongoing costs.
- **Open Source:** The site can be re-hosted by others or parts taken out and re-purposed by USA Hockey or others, in the future. Encourage other coaches to contribute content and drills.

For Club, Team, and Goalie Users

- **Support all device form factors:** computer, tablet, and mobile
 - Most drills are designed for printing, and don't translate to mobile very well
- **Use open formats:** generated plans should be usable for Word, Google Docs, and other editors
- **Time and Data Efficient:** Coaches and volunteers are busy, and many rinks have terrible service.
- **Make it easy to share:** there are share buttons everywhere - easy to text, email, print, etc.
- **No strings attached:** No sign ups, no fees, no usage limits
- **Easy to contribute:** Send an email or submit a new drill via 'Contact Us' button on site

Welcome

This website was developed as part of the [USA Hockey Goaltending Gold Certification Program](#). All capstone projects for the program must improve the future of the position and produce a resource that will be shared and can be repeated by all coaches across the country. The goal of this website is to inform and equip clubs and coaches to best develop their goalies, and to help all goalies reach their full potential. This website lowers the barriers to all coaches becoming goalie coaches! Sign up for a Goaltending certification course on the [USA Hockey Learning Center](#).

- Add a drill rating and comment system
- Add the ability to print out extra event pages for team plan and goalie journal

Add Content

- Add "classic" USA Hockey goalie drills that CoachThem recreated
- Add Goalie Clinic diagrams and information to jump-start club-run development
- Add younger age focused tryout and evaluation forms
- Add more 'basic' drills and mini-games/battle drills

Get User Feedback

- Get feedback from users throughout the season
- Fix bugs
- Add new user-recommended features
- Incorporate important information useful to goalies that may be currently missing

Special Thanks

- **James Kujawski and Katie Jablynski** - for goalie drills content, layout and presentation advice, and testing of new drill creation process and drill page functionality
- **Dr. Lorenda Beuker** - for providing insights into the goalie psyche and what really drives high performance athletes, as well as suggestions and guidance on the Goalie Journal Generator
- **John Zdunkiewicz** ("Coach Z") - for providing the "Zone Map" and for treating my son so well at his Goalie Camps. His goalie journals from camps were the inspiration for the Goalie Journal Generator
- **Sean Reilly** - for sharing some of the quotations he's collected during his Gold Project interviews
- **CoachThem.com** - for giving me, James, and Katie access to their platform, letting us share our content on the site, and for recreating many 'classic' USA Hockey goalie drills for future use on the site
- **Steve Thompson** - for guidance, advice, and encouragement over the last year
- **Other Gold Coaches** - I'm looking forward to digging through your projects in detail and incorporating your insights into Goalie Gen in the future!
